

# Carr Dyke Circular

A short kiddie, or dog walk of 3.8 Km (2.4 Miles)

- A. Starting across the road to the Chapel. Facing the Chapel turn right ,East, and head towards 'butchers corner', then Northfield Terrace council houses.
- B. Carry on past Northfield Lane (over the road) and over Great Brig (Great Bridge) to the Fenton Flyer pub
- c. Walk down Nanny Lane to bend and Millennium Sign, (about 450 metres) On your right is Hall Lane, with the finger post on your left, near a tree.
- D. Keeping the small paddock fence on your right walk until you reach a container. Then turn left, heading south. After about 70 meters follow the large paddock fence, keeping it on your left, to the end (about 500 metres) where the fence turns left.
- E. At this point you turn right, west, keeping the hedge on your left and head for the footbridge in the field corner.
- F. After crossing the bridge turn immediately right into the field,( path well marked,)
- G. After about 200 metres turn towards Carr Dyke, at a slight angle.
- H. Join Carr Dyke side and turn right, follow this to a footbridge, near a large weeping willow tree. (Please note water voles have been seen in Carr Dyke.) They are now very rare. You might be lucky.
- I. Do not cross over the bridge but bear north of east (80 degrees Mag) then north to arrive at another paddock.
- J. Keeping the fence on you right hand side follow it round until at the paddock fence end (Waymarker arrow on post) turn left into field.
- K. Keeping hedge on your right continue to bomb hole and weeping willow tree.
- L. At this path intersection turn left heading west back towards the Church.
  - M. At 'Lovers Bridge' carry on to Church wall.
  - N. Turn right, and then after about 50 metres enter the field heading approximately northeast, aim for the pointed greenhouse roof.

- O. Immediately after the greenhouse go through the squeeze stile in the wall, turn left , cross over the cattle grid.

Congratulations you have completed the Carr Dyke Circular.

Please report all ploughing, cropping, or obstructions to

Aidan Rayner (PROW Team leader) on
